

Discover...your year in industry

Are you passionate, creative and enthusiastic? Do you want to learn more about business? Are you keen to gain a new perspective on accountancy?

We hire a number of 12 month work placements each year. As part of all of our internship programmes, alongside your day job, you will be able to attend regular internal learning and development courses, as well as social and charity events that take place throughout the year. We currently offer opportunities within our marketing and corporate audit departments.

Marketing placement

Your degree: you can be studying for any BA/BSc to join the marketing team!
Opportunity location: London

A fantastic opportunity to join a busy and diverse team. You will work directly with the firm's broad range of sector and service lines to support focused marketing and business development activity, including assisting on digital and social media, events and the creation of marketing collateral. Not only will you learn about the extensive range of services an accountancy firm has to offer, you will be able to utilise and develop your creative skills in this fast-paced and dynamic department.

Corporate audit placement

Your degree: Accounting, Finance
Opportunity location: London and Reading

A unique opportunity to get hands-on experience into the world of accountancy before you commit to a graduate training scheme. In this department you will need an analytical mind as you work alongside a pool of graduate trainees who provide audit and accounting services to managers and partners. You will work with a broad range of clients covering a variety of sectors from financial services to technology companies and sports clubs.

Meet one of our current work placement students overleaf to learn more about interning with Moore Stephens!

Moore Stephens

Andre Szadzinski

Hi Andre. Tell us about yourself.

I study International Business Management at Robert Gordon University (RGU). I joined Moore Stephens to experience London and learn more about marketing, business in general, and to learn from a top 10 accountancy firm.

What's your experience of Moore Stephens been so far?

It has been great! I've conducted analytical work that has been mentioned in The Telegraph, The Guardian, and City A.M. I've also been able to attend training courses to develop my skills, speak on a personal basis with partners at company events and manage projects on my own.

What's the social life like?

The social life is fun, we have monthly marketing lunches, and drinks. We are also invited to the audit student's weekly drinks. The firm's annual Christmas party is an incredible amount of fun, full of games, dancing and food!

What's been your best moment?

My best moment would probably be going to the Reading office to help with our Cheltenham Festival event. We were allowed to join guests in making wagers on horses and I finished the day £15 up!

If you were to give someone one reason to join Moore Stephens what would it be?

It would have to be the atmosphere, it's a very friendly company where you are allowed to walk into partner's offices and they are more than often happy to help. Plus you don't have to worry about someone standing above your shoulder monitoring you, you are largely given free rein to complete your work.
