Business Support & Outsourcing

PRECISE. PROVEN. PERFORMANCE.

Intelligent accounting for maximum business impact

Do you want to spend more time on your core business activities and less time on back office accounting? You need **Stream** – the Moore Stephens cloud-based outsourcing solution.

Stream is a complete online finance and accounting solution from Moore Stephens that allows you to view and drilldown into your financial data through one easy-to-use central hub.

On-hand advisers

This dynamic and efficient cloud-based technology complements the professional accounting and advisory services of your Moore Stephens Outsourcing team. We take care of your accounting and reporting and, through **Stream**, you can access, interrogate and interact with key business information whenever and wherever you want.

In addition to the direct access features of **Stream**, you continue to be provided with expert advice and support to guide you through each stage of your business's development.

Online and mobile app

The **Stream** app allows you to easily and efficiently submit, view and approve invoices and expenses for intelligent and seamless entry into the accounting system. **Stream** is accessible online, and via the app which you can download at the App Store or Google Play.

Key features:

- A seamless, cloud-based end-to-end bookkeeping process.
- Send invoices and expenses electronically to a dedicated email account.
- Approve your invoices and expenses easily online.
- Automatic data feeds from your bank account and other operational systems.
- Smart, real-time reporting and drilldown to help you make informed decisions.

Key benefits:

- Gives you control – easy access to key data and reports anywhere and at any time.
- Provides confidence that your accounts are in safe hands.
- Cost effective – all your financial data in one place.
- The efficiency of a one-stop-shop for all your bookkeeping and accounting needs.

“As well as the ready-to-use portal, you will also have your dedicated expert team on-hand to answer your questions.”

Benefits to you

Personal service empowered by technology: You receive the same high-quality personal advisory service from your outsourcing team, with the added benefit of complete mobile and real-time access to your accounts information.

Streamlined access: A single log-in opens the door to a vast array of accounting and finance information, tailored appropriately to each individual in your team. You can access the information you need via most devices, including desktops, laptops, PCs, Apple Macs, tablets and smart phones.

A tailored solution
We work with the latest products and apps in the market to meet all your document workflow, finance, accounting and business intelligence needs. We take account of your current situation and future growth plans, creating a package to support you as your business evolves.

Business intelligence
Our intuitive dashboard and smart, real-time reports help you make informed decisions based on current key performance indicators. Look at the big picture or drill down into the detail to gain deeper understanding of your business performance.

Mobile functionality
Stream enables you and your team – wherever you are – to easily submit invoices and expenses for approval and recording in your accounting records. You can also enter and approve timesheets remotely, prepare purchase requests for approval and view latest KPI dashboards and financial reports.

Efficient and cost-effective working
The seamless online interaction and workflow supported by *Stream* cuts down paper and use of spreadsheets, increasing your efficiency and reducing costs.

Maximum outsourcing benefits
Stream enables you to maximise the benefits available from outsourcing your accounting function, providing high quality professional input and advice, combined with highly efficient systems and processes.

Multilingual and multicurrency
Stream provides multicurrency accounting and reporting as well as a selection of languages, thus supporting your international business requirements.

User support
Stream is simple and quick to design and install. Once you're up-and-running, our Support Desk will respond swiftly to any requests via the *Stream* hub.

Hub potential
You can use the *Stream* hub to access cloud applications for other business functions, such as HR management, further streamlining your access to key business information.

Peace of mind

Through the combination of our professional outsourced accounting service and our cloud-based easy-access hub, you can rest assured that your finance and accounting information is accurate, up to date, and available whenever and wherever you need it.

Moore Stephens' *Stream* also enables you to outsource other activities beyond your accounting, such as payroll and company secretarial services. You can release even more time and energy to focus on the actions that deliver real value to your business.

Please get in touch to see how we can support you. We would be happy to arrange an initial meeting.
